MABRİKA

Majestik Group was established in 1996 and commenced operations the same year as a manufacturer and solution partner in the field of building materials. In the course of time, it has improved its corporate structure with both new investments and its mentality of providing additional products and services.

Our brand behind our investments and works supports the reliability while also indicating a structure that creates innovative ideas.

Within the process, the company keeps producing a wide range of services and products, by developing its business initiated with the sales of building materials, making investments in furniture and project production, and creating a business development platform focused on the building materials sector.

Majestik Group supplies building materials under the brand name **Majestik**, produces **Arinna** and **Bancina**-branded furniture products under the brand name **Mabrika**, constructs buildings under the brand name **Aleron**, and provides consultancy services under the brand name **Sold Up**. Majestik Group presents its Arinna and Bancina-branded products to its customers in the stores of distinguished brands such as Bauhaus.
